

3.10 School Safety Policy

Policy Context:

GHLS is committed to the health and safety of our students and staff.

Policy Scope:

This policy applies to all staff, volunteers, students, parents/guardians and Board Members.

Policy Directives:

First Aid

- It is required that at least one of the staff members in attendance during school days has a first aid training certification.
- The first aid training certification must have been obtained within the last 5 years.
- In case no staff has first aid training certification, the school will pay for the certification if a staff member volunteers to get certified.
- The Principal must ensure staff is knowledgeable where the first aid kit of the school is located.

Fire Drill Practice

- A fire alarm practice must be held within the first three weeks of each school year by the Principal.
